

Eden Township Healthcare District, dba Eden Health District

(Formally adopted by Board: June 20, 2024)

Mission:

The mission of Eden Health District is to improve the health of the community we serve by providing access to healthcare services and health education.

The District will achieve its mission in keeping with the following goals:

Strategic Goals for 2024:

1. Continue support of St Rose sustainability
2. Determine health priorities and plan for addressing identified priorities
3. Continue to explore mission driven housing opportunities for future investments, such as senior and low-income housing

Strategic Actions to Implement Strategic Plan Goals for 2024:

For Plan Goal 1: Continue support of St. Rose sustainability

- Monitor and encourage smooth transition of hospital governance
- Evaluate need for financial support by District and District ability to contribute

For Plan Goal 2: Determine health priorities and plan for addressing identified priorities

- Establish task force with key stakeholders
- Outreach to stakeholders and participants
- Hold event/forum with a concentration on mental health
- Re-establish community advisory committee
- Expand community health education through publications and events such as the Stay Well Bulletin forums, and workshops

For Plan Goal 3: Continue to explore mission driven housing opportunities for future investments, such as senior and low-income housing

- Identify surplus property that may be suitable for project
 - Work with realtors to identify other opportunities
 - Develop business plan/development plan
 - Apply for surplus property site
 - Implement development plan
-
